

MEET SOME OF OUR STAFF!

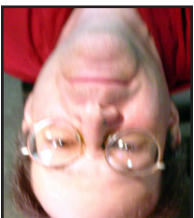

As president of SpectraMedia, **Martin Rubin** has been intimately involved in the creation and development of this modern, innovative printing and design company. He has also been a successful sales person, speaker and author for over 50 years.

Bill is our production manager. With over 29 years of hands on experience he has nearly “seen it all.” From running 40” presses, to sales, estimating and customer service — Bill is always happy to assist you. While wearing several hats here, Bill reports directly to the owner.

Ken works closely with Bill and is the manager of our pre-press and graphics department. With 30 years of experience from large magazine publications to simple cards, he will make sure your job is received and prepared properly for printing. With so many various ways to send us art files (ftp, email, web upload, disk) you can always rely on Ken for assistance.

Dave, who will stand on his head when asked to do so, is our graphics and technology leader. Dave can help walk a client through almost any file situation they can create.

Cindy wears a few hats. As our office manager she handles the bookkeeping, some order entry and customer service. With 18+ years of experience in printing she is always available to assist you with any questions you may have.

And many others - with a staff of 30 we accept only the very best from one another.
